

YOGA AJI PRATAMA

yogaajipratama101@gmail.com | 088216276309 | Wonogiri, Central Java, Indonesia

EXECUTIVE SUMMARY

Informatics Engineering student with expertise in **Web Development** and **Computer Network Engineering**. Experienced in developing web applications using Laravel, React.js, Next.js, and MySQL, as well as configuring and maintaining LAN/WAN networks. Skilled in troubleshooting computer and network issues, with strong analytical, problem-solving, and teamwork abilities.

EDUCATION

Universitas Duta Bangsa Surakarta
Bachelor of Informatics Engineering | 2022 – Present

SMK Negeri 1 Pracimantoro
Computer and Network Engineering (TKJ) | 2019 – 2022

PROJECTS

Internet Package Recommendation System

- Built a web-based recommendation system using **Laravel, PHP, MySQL**, and the **SMART** method.

Inventory Forecasting System

- Developed an inventory forecasting application using **Laravel, MySQL**, and the **LSTM** algorithm.

Personal Portfolio Website

- Developed a responsive portfolio website using **Next.js, React.js, and Tailwind CSS**.

TECHNICAL SKILLS

Programming: PHP, JavaScript, HTML, CSS

Frameworks: Laravel, React.js, Next.js, Tailwind CSS, Bootstrap

Database: MySQL

Networking: LAN/WAN Configuration, Mikrotik Basic Configuration, Network Troubleshooting

Tools: Git & GitHub, Visual Studio Code, XAMPP, Microsoft Office, Canva

Languages: Indonesian (Native), English (Intermediate)

WORK EXPERIENCE

Customer Service & Network Technician

PT Solo Jala Buana

Provided customer support by handling service inquiries, technical complaints, and troubleshooting requests through direct communication and remote assistance.

- Installed, configured, and maintained **Fiber Optic (FTTH)** internet networks for residential and business customers.
- Performed installation, alignment, configuration, and maintenance of **Wireless** network infrastructure to ensure stable connectivity.
- Diagnosed and resolved network issues involving routers, switches, Optical Network Terminals (ONT), and wireless devices, minimizing service downtime.
- Conducted preventive maintenance and network performance monitoring to improve reliability and customer satisfaction.
- Managed and maintained the network infrastructure of **DPPKAD Karanganyar**, ensuring secure, stable, and uninterrupted network operations.
- Configured network devices, monitored connectivity, and provided technical support for government office network services.
- Collaborated with internal teams to complete network deployment, maintenance, and troubleshooting efficiently while meeting service standards.
